TUFS (Admissions Office) will inform applicants the starting time and the method of examinations by email or other means after the application period. Applicants are advised not to make any other plans on Saturday, September 26, 2020 except for this examination.

Special Measures for Oral Examination

The oral examination will be conducted through an internet-based video calling system. The system we plan to use is Zoom.

Common Special Measures

- Due to this special measures, you do not need to come to TUFS campus to take the examination. You are required to take the examinations in a private room at your home or other location. Please make sure no one but the examinee enters the room during the examination.
- Prepare a PC with a PDF application, a web-camera and microphone. Install the Zoom on your PC and set up your web-camera and microphone.
- We will conduct the trial Zoom connection for each course using one day from September 14-18, 2020. We will inform you by email after the application period, so please check your email including your junk mail folder (Make sure to set your email to receive all emails from “@tufs.ac.jp” . Please contact your email service provider for instructions to set it up.)
