 7 Requests for Prevention of COVID-19

# 7 Requests for Prevention of COVID-19 Transmission

## **IMPORTANT: Please read this carefully!**

As an institution that conducts health checkup, we will implement appropriate countermeasures against infectious diseases and to avoid 『3C's』 as much as possible to ensure a safe environment for everyone who comes to the site for health examination. Therefore, we would like to ask for your cooperation as follows.

1. Those with underlying medical conditions are requested to consult with their attending physician regarding infection prevention measures to be taken during this health checkup. (It has been reported that those with underlying medical conditions such as diabetes, heart failure, respiratory disease, etc., and those undergoing dialysis treatment are at higher risk of severe disease.)
2. Please note that **you are not allowed to come to the venue if you have any of the following symptoms ① to ⑦ or any of the conditions listed in ⑧ to ⑨ below within 7 days from the day of the event.**  
【※Please notify the person in charge at your workplace if this applies to you】
  - ① Cold symptoms (nasal discharge, nasal congestion, headache, joint or muscle pain) that persist
  - ② Fever of 37.5°C or higher, or a body temperature higher than normal.
  - ③ Cough or sore throat
  - ④ Respiratory distress or difficulty in breathing
  - ⑤ Fatigue
  - ⑥ Abnormality of sense of taste or sense of smelling
  - ⑦ Diarrhea, nausea, vomiting
  - ⑧ Close contact with COVID-19 patient or person having suspicion of COVID-19  
(Quarantine period, including self-quarantine)
  - ⑨ Those who have traveled to countries designated by the Ministry of Justice as countries that require travel restrictions, and those who have a history of contact with such persons
3. Please be sure to measure your **body temperature** at home before coming to the medical checkup site. 【We will check your physical condition (temperature, symptoms, etc.) at the reception desk. You may be asked to take your temperature on-site.】
4. Please **bring your own non-woven mask and wear** it during the checkup.
5. Medical checkup tools are sterilized each time, but please **disinfect your hands** before you come to the reception desk. 【Washing hands with soap and running water for at least 30 seconds is also acceptable.】
6. At the medical checkup site
  - We will make sure that there is enough space between examinees, so please **allow 1.5 to 2 meters between each other.**
  - **Minimize conversations and avoid talking too loudly.**
  - The venue will be ventilated as much as possible, so please bring something to wear in case of cold weather.
7. Medical gowns are not provided for X-ray examinations. Please **wear or bring your own plain, thin T-shirt**, etc. If you forget to bring your own, you cannot take the X-ray examination.
