### Synopsis

This original stage play intertwines the Japanese folktale “Urashima Tarō” from the *Otogizōshi* with the Indian fable “The Monkey and Crocodile” from the *Panchatantra*.

To save the princess of the Sea Palace, who suffers from an incurable illness, a turtle journeys to the land in search of a monkey’s liver.

Rescued by Urashima Tarō, the turtle meets a monkey, its intended offering.

The three set out together for the Sea Palace, where hopes and intentions intersect.

Will the princess be saved, and who will claim the legendary treasure box? Expect laughter, dance, and unexpected twists.
