Hi! My name is Monique. I'm from New York City and have been living in Japan for 6 years. I started as an ELC advisor in 2025. I was previously a writing program manager, so I can work with you to check the clarity and flow in your writing assignments at the Writing Support Desk. I have Speaking Sessions too, so you can speak to me there as well! I enjoy traveling, watching cooking shows, and walks around nature—it's so relaxing to walk around campus and take in the view! Thanks for reading and I look forward to meeting you!

Hello! My name is Wyatt, and I have been teaching English at TUFS for the past 8 years. Living in Japan has been a wonderful experience, and I've enjoyed immersing myself in the rich culture and beautiful landscapes. Outside the classroom, I'm passionate about hiking and exploring new travel destinations. I love discovering hidden trails and experiencing the serene beauty of Japan's natural scenery. Whether it's climbing mountains or traveling to different parts of the country, I always find inspiration in my adventures.
