English sessions every Monday!

Hello! My name is Paula Bailey and I am from America. In 2018, I earned my Masters degree in TESOL (Teaching English to Speakers of Other Languages). Next year (2025) I celebrate my ten year "Japanniversary" (anniversary of living in Japan). I have been working as an ELC advisor since 2023. In ELC's Regular Speaking Sessions we talk about different topics each week. I can help you improve your speaking by pointing out mistakes in your vocabulary or pronunciation. The most important thing is that you are able to effectively communicate the idea or opinion you wish to express, so don't worry too much about minor mistakes! My hobbies include drawing and painting, reading and studying Japanese language. One thing I value is delicious food—such food could be healing as it energizes our spirits!
