Global Linkage Initiative Program

Tokyo University of Foreign Studies (TUFS) offers the Global Linkage Initiative Program (GLIP) with the aim of training future academic and business professionals to become active participants in the global society.

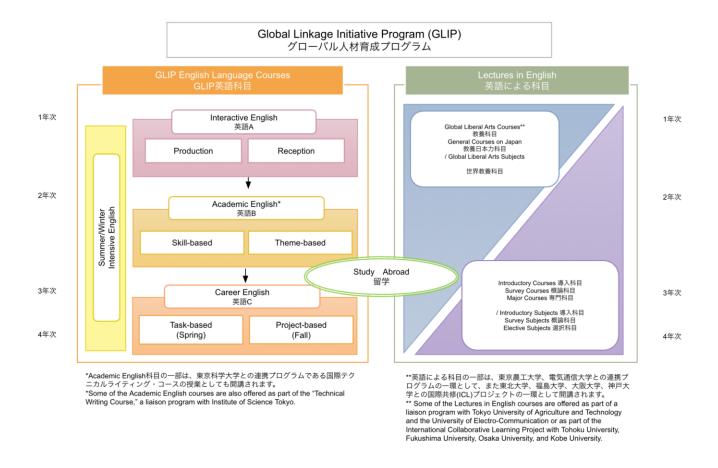

GLIP is composed of two groups of subjects: GLIP English Language Courses and Lectures in English. While GLIP English Language Courses aim to improve students' English language skills, Lectures in English invite students to use English to learn about topics in various academic fields. These are elective courses whose credits can be used to fulfill the requirements for graduation.

In addition, GLIP is designed to prepare students for study at universities abroad and to maintain their English proficiency after studying abroad.

GLIP English Courses

GLIP English Courses are designed to improve students' practical ability in English. They are composed of Interactive English, Academic English, and Career English. These subjects enable students to study English according to their levels and needs. They prepare students for studying abroad, enrolling in graduate school, and using English in business contexts. In addition, integrated language skills classes are offered as Summer/Winter Intensive English (SIE/WIE) courses during the Summer/Winter Quarters.

Lectures in English

Lectures in English invite students to use English to learn about topics in various academic fields.

Various fields of study

Lectures in English are offered in courses on various topics, which correspond to the fields of study covered in the School of Language and Culture Studies, the School of International and Area Studies, and the School of Japan Studies.

Learning together

Lectures in English are also offered as part of the student exchange program (ISEP-TUFS), encouraging Japanese students to study with exchange students from all over the world.

Lectures at different levels

Lectures in English consist of several different levels and are offered as: Liberal Arts Courses, Introductory Courses, Survey Courses, and Major Courses. Some of them are restricted to students in the second or third year and above.

as of March 15th, 2025
